Motion

For Leave to file Overlength Brief

No Orig Sign	No Env	CMJ
No Cert Svc	C/Ref'd	CMJ
No Env/Cpy	No Env/Cpy	No Cpy

Lindsey Kent Springer ("Springer") moves this Court for an Order allowing Springer to file an overlength Memorandum in Support of his Motion For New Trial.

Springer is presenting new evidence along with how that evidence affects previous rulings by this Court that was not in existence prior to trial.

Springer's Memorandum is 36 hand written pages which Springer asserts is less than 25 typed pages. Local Rule provides 25 pages is allowed without leave.

Springer acknowledges his direct appeal is pending, and currently on hold, and that Rule 33 does not provide this Court with jurisdiction to rule on the Motion, however once filed, Springer can move the Tenth Circuit to remand the case for the Court to rule on the Motion then pending.

Due to Judicial economy and that it is obviouse false Statements have been

used to obtain and Maintain Springer's Judgment and Conviction, Springer needs the 36 pages to adequately cover the issues.

Therefore, Lindsey K. Springer, moves this Court for an order allowing him leave to file an overlength Memorandum, in support of his Motion for New Trial.
